Jave, Beace the Jove, Beace & Hoppins Rose Mary Holmes This book is dedicated to that Vision of Hope for the New Day

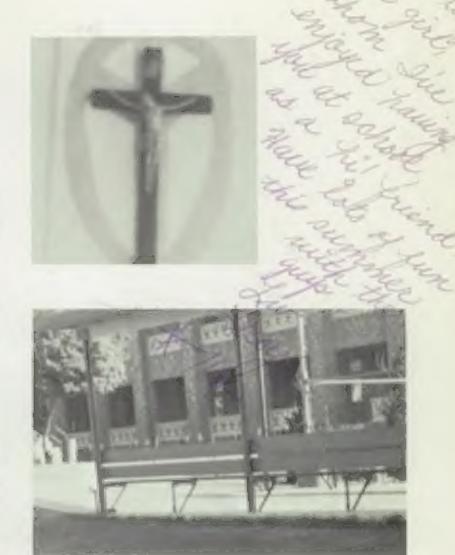

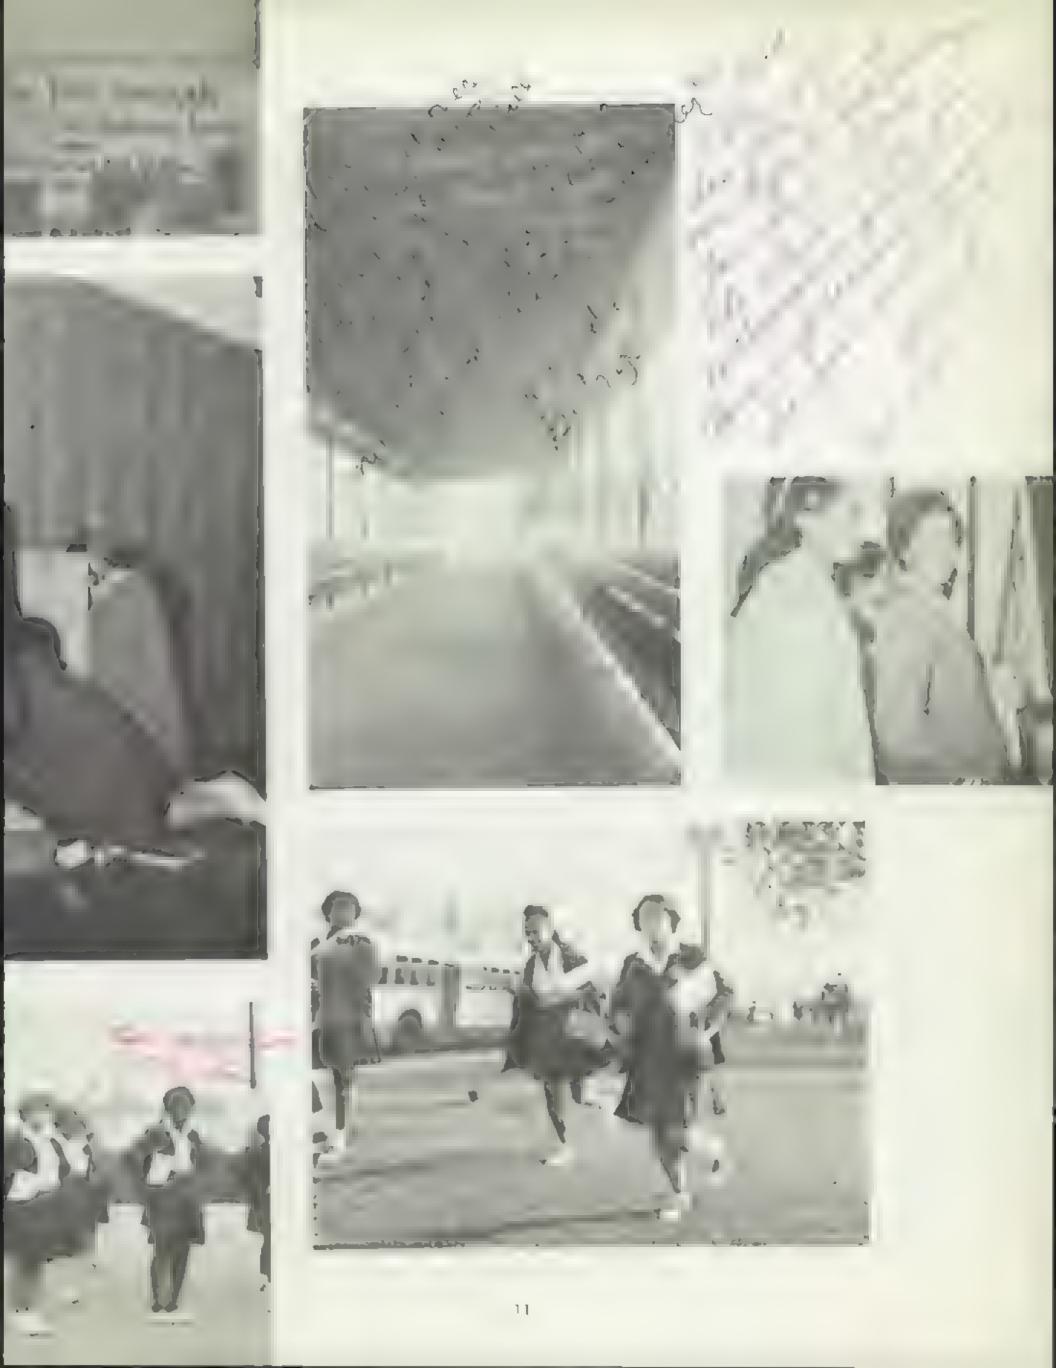

It's an 8:00 a.m. world!
Scratched, stuffed lockers
Wait for the twisting of their hearts
To reveal another day's work.
Marked, lonely desks
Line up for the enduring of a long day
To weaken their metallic bones.
A time beginning
And ending
With a bell;
A bell to bring about
The Dawning of a New Day!

"When I walk out that door not for just a night or a weekend, but for the last time-I know that, perhaps, someone is waiting just for me."

SISTER MARIAN JOSEPH, MODERATOR

"The 'Lions' of '73 have the makings of real 'Majestics' - they have spirit and loyalty. Four years at Conaty will make them the strong young ladies that I love and admire."

PATRICIA ESTRADA, FRESHMEN TREASURER

"As our Freshmen year comes to a close, I would like to take this time to thank each member of the Freshmen Class for their cooperation. Being treasurer of this class was a rewarding experience. It has given me the opportunity to do something for my class.

JANICE TANAKA, FRESHMEN SECRETARY

"In my short term as Secretary of the Freshmen Class, I have already experienced the wonderful spirit and determination this class has. I look toward the future with hope that we will accomplish more than we have already done in the past."

LINDA JENKINS, FRESHMEN VICE-PRESIDENT

14 Vice-President of the Freshmen class, I've find that I have more responsibilities than I had expected. I, along with the president and officers, have tried to make the class as the. I am reall livery proud to be a part and a leader of this great class, "Majestics of 1973", because we know that our class is tops."

LILLY ESTRADA, FRESHMEN PRESIDENT

When I was announced as Freshmen class President, I was overlooked that I would be able to serve my class as one of its guides on a pume, on which we had lest embarked. As we verticed into this outness, my only one and cusive is to lead in y class of the right road - the one filled ath all the necessities to aclaeve true Conaty spirit - making the Majestics of 1973 the pride of Bishop Conaty High School."

The first Freshmen Presentation to the Student Body of BCHS offers all of their goals for the coming years as a united class. With the help of their moderator, Sister Marian Joseph, they will reach these objectives.

In classrooms allower the school red banners deliver parts of the Freshmen Presentation message. The adding of all these parts create the whole-WE CAME IN PEACE FOR ALL MANKIND ONE GIANT FORWARD.

LINDAJENKINS and JANE ANTII LON represented their class in Student Council until officers were elected. They worked hard and did a beneficial job in presenting the Freshmen Word,

Before section officers were elected, these girls represented the Freshmen. They deserve a great deal of recognition and praise for the hard work they met in the first months at Conaty.

SISTER MARIE DAMIEN, S.N.D. - SOPHOMORE MODERATOR

"Any major endeavor requires close cooperation, a real willingness to work things out together. This takes time and understanding. The Crystals have shown that they want to take the time. As a moderator, I could ask for no more."

AUDREY MARTIN - SOPHOMORE SECRETARY

"Memories are many. It's good to go and look back on things that have happened in the past. I hope that I can bring them back to the Crystals to remember. We've done many things and from these memories we may be able to do more."

THERESA TAYLOR - SOPHOMORE TREASURER

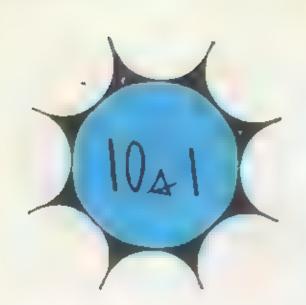

"As a treasurer, I am thankful to the girls of my class for their cooperation and assistance in making my job easier. They are a great group to work with and I hope that we will always be together."

DEBBIE NIXON - SOPHOMORE VICE-PRESIDENT

As a Vice-President I've found the duties to be note than just merely taking over when the President is absent. There have been many responsibilities which I have faced as in oit cer. The work with the committees is nucli more than it actually seems. There have also been the many activities and business to be taken care of within the class in general. I work with the President and the other officers to see that our class is united and enthas astic in its every oblightny eyes, the class is one whose with many divisions or groups within it, striving together to perfect an already great and inganized group of girls."

DENISE LA CROEK - SOPHOMORE PRESIDENT

"As I approached my second year at Consty. I was given a new challenge. At first. I was frightened, but then I looked toward it with anticipation and enthusiasm. I had only been a particle in the Consty spirit before and now I am faced with the lob of reading two hundred and thirty-three girls to uphold that spirit. This duty requires a lot of responsibility patience, and time. I hope that I have prepared myself to the tallest to take my class on and strive to make the Crystals sparkle brightest. At times our gen may become dual but hist as eas ly we will make it glow again until 1972, when we will leave our sparkle behind as a memory."

SISTER MARY JEAN, JUNIOR CLASS MODERATOR
"As millions of stars shine throughout the years to bring light to our planet, so too, the Starlets have illuminated my life by being the type of spirited, cooperative, loving class any moderator would be proud to call her own.

MARTHA MIRANDA, JUNIOR CLASS SECRETARY

"As secretary of the Junior Class I intend to show my class that I really want to do everything that I could do to make our class the best. I want to help our class in every event in which it participates. The Starlets have great spirit and I hope that I as a class oflicer would lead them to even a greater Spoill.

FRANCES RENTERIA, JUNIOR CLASS TREASURER

"My goal in life is to work in a bank as a teller because I like to work with money and with people. As a treasurer, I wish to accomplish the trust of our class members and to show them where the money is distributed, I want all of the members of the class to be aware of how the money is spent."

MARTHA MARTINEZ, STUDENT BODY PRESI-DENT: "As Student Body President, I am the chairman of Student Council. My main objective in Student Council is to develop school spirit and our inexhaustible Student Council accomplishes this by planning various projects for the students. Some of our programs include Howdy Week, our dances, pumpkin caroling, amending the constitution, and student-faculty games. I believe that true happiness comes only through giving of yourself for others. My parting advice is "be involved in manking". Student Council is the voice of the students. This year, three committees-Rules, Activities and Assemblies-were formed to produce better results and accomplish objectives. The main goal was to evaluate and amend the Constitution for form, purpose and content, in order to present a more efficient system of government for the following Student Councils.

Sr. Stephan I seph gives her artistic advice concerning all art work and all layouts.

The making of PALLIUM 1969-70 started way back in May of our Junior year. After the staff had been chosen, we were sent to a yearbook workshop at El Camino Junior College. There we learned the fundamentals of organizing layouts, taking photos, cropping photos, and the artistic effect when put together. Our next step was to choose our theme. After many meetings and long discussions we agreed upon "The Dawning of a New Time." We thought that since we are the generation of the future and we are starting a new decade, we would be the ones to bring about this New Time and New Day.

The Editorial Staff of Olivia Villasenor, Chris Guzman, Verneita Salkeld, Christine Takai and Miss Pranik make the major and final decisions,

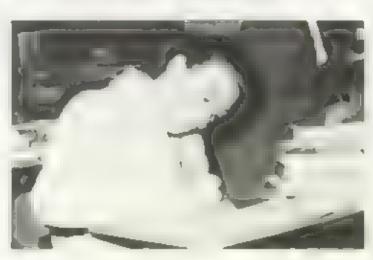

Campus Rimons

If you want to know something about your school, friends, the latest gossip. poetry, and corny jokes, be sure to read CAMPUS RU-MORS. Writing stories, doing layouts, cropping pictures, meeting deadlines and distributing the paper are just a few of the steps taken by the staff in putting out a paper. Each girl on the staff learns better writing techniques as well as experiencing the complicated routine of publishing a newspaper. But all is not hard work and toil, each girl experiences the happiness of putting the paper out on time, but then there is the worry of putting out the next issue.

Mr. Spurgen, the Campus Rumor advisor inclps each student with the job of putting out the paper. He guides the five editors which were chosen from last year's class. Irene Aguilera, Debbie Martin, Lorie Chenier, Terry Guiterrez and Susan Villar teach and help the rest of the staff along with writing stories and doing the different jobs on the newspaper.

The newly formed Dance Committee, under the leadership of Student Council, was composed of girls selected from each class who showed a great deal of interest in the success of Student Body dances. These girls worked hard 4t the development of our first dance, "Winter Wonderland", which was a great success in profit and turn out.

Soon after the success of "Wonderland", the committee began plans for a second dance in April. With the great acheivements that they have accomplished in their first year, future Committees will prove to be assets to Bishop Conaty.

Congratulations

to the Class of 1970

akwow kadge weeks

This school year is at an end. It means that the Seniors will no longer walk the halls of Conaty, but then neither will the Pallium Staff of 70. In serving our time, we have managed to create after chaos. We took pictures, bothered teachers, took pictures, passed out questionnaires, retick pictures upset classes, and retook pictures. We managed to get away with it then, but now it stime for the showdown. The final result of all our efforts is in your hands, and it is for you to approve or disapprove of it. Before we go we would like to say "Thanks" to some very special people.

I Fr. Cosgrove our thanks for his gentle courtesy, patience advice, serenc uncerstanding and generosity. Do you know he trusted us enough to offer as the loan of his camera. Thankyou, Father, for the vote of confidence.

We dake to mention the faculty aught here. To all the section teachers who had their pictures taken taken over and retaken to all the moderators who filled out questionnames, to Sr. Diane for her help in correcting copy (I wonder why she missed this one) to Sr. Stephen Joseph (whose Art Remi we chattered) for her artistic advice and many hours of work, to Sr. Miriam Joseph who let us out of class a number of times so that we might complete a dead-line (not that we ever did); for all of this we say a hearty [HANDS] and we hope you, on't have to go through this again.

Now, we's take to trank our professional help. Mr. Report Hap Zavack our A terican Yearbook Representative was especially helpful. He answered all our questions, came out to bick up our finished pages (which weren't very namy) worked our our budget, and dried our tears. Mssr. Bill and Jack Christy of Christy & Stephero Stedies were especially kind. They fixed the strobe, showed us how to use the cameral reflect the strobe and when all case laided, they came out and took the pictures for us. We'd also like to trank Alston Studios will die a tremendous job. They i anaged to take 935 girls pictures in six hours without losing their minds (now that's what I case talent).

The next person on our list is someone you don't know, but someone to a non you should be grateful. It is the man who took the picture for the yearbook's cover. That's right, Mr. Neal Johnston. How about a nice big hand for him?

We'd like to thank in all sincerity Barron's Educationa. Series Inc. for letting as use field sun as the symbol for our book.

Finally, we would like to say thanks to a group of girls who hade the printing of this book possible. They are (crumroll please). Sr Mary Jean and the Mighty Starret Class 4 'vil. This one class returned over one-half of all the Patrons reclived leaving the other THRLE classes to make up the rest. An we can say is that if this is a sample of the kind of work you can do next years year book eight to be tremendous, and we releaving to rward to it.
